Discovering the **JARDIN D'ALTITUDE** du Haut Chitelet

UNIVERSITÉ
DE LORRAINE

métropole
GrandNancy

Hi !

My name is Plant Tastic !
I'm the garden mascot.
Today, let's discover mountain plants and
animals that live in the Vosges !

Read the instructions carefully to be able
to fulfil each game. If you don't manage
to find an answer, ask someone who's
with you to help.

Don't forget that the most important thing
is to learn while having fun !

Come on, let's go !

Congratulations !

You've answered every question : you're
now a real explorer.

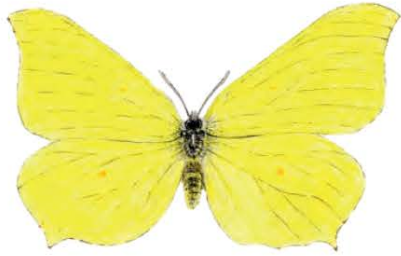

The solutions are available at the front
desk, or on the Internet here :
[http://www.jardinbotanique
denancy.eu/jeux-rallyes/](http://www.jardinbotanique-denancy.eu/jeux-rallyes/)

If you have some time left, you can find
some coloured pencils under the hut.
Colour your drawings !

Good bye, and see you soon !

These butterflies fly from flower to flower : try to observe them and write on which plant you saw them down.
